

Appendix i

This table shows Taiwan's tea export amount under Japanese administration. The unit is kilogram. The numbers in the table are cited from Taipei Shi-zhi Juan-liu Jing-ji Zhi Shang-ye Pian (Taipei City Record Volume 6 Economic Record: Business), p.p. 44-47. The numbers with the question mark at the end of the rows mean that the total amounts are different from the original numbers in the book. There might be erroneous typing of the number or mistakes in the Taipei Shi-zhi Juan-liu Jing-ji Zhi Shang-ye Pian.
